American Journal of Physiology-Endocrinology and Metabolism

Scope of Journal
The American Journal of Physiology-Endocrinology and Metabolism is a world leader in reporting exciting new findings in this important field. The journal’s comprehensive scope includes:

- original studies at organizational levels ranging from the molecular, subcellular and cellular to whole organisms, including humans
- investigations in research areas including the secretion and action of hormones of the endocrine brain, the anterior pituitary gland, adrenal, pancreas, thyroid, parathyroid, gonads and reproductive tissues, the paracrine and autocrine control of endocrine cell performance, and hormonal or metabolite control of organic and inorganic metabolism
- examination of specific themes such as receptor activation, actions of hormones and growth factors, gene expression, ionic and membrane control of hormone secretion

Authors are required to submit papers online at www.apscentral.org.

A Few HOT Articles
AMP-activated protein kinase, a metabolic master switch: possible roles in Type 2 diabetes
W. W. Winder, D. G. Hardie
Am. J. Physiol. Endocrinol. Metab. Jul 01, 1999; 277: 1-10

Glucagon and regulation of glucose metabolism
Guoqiang Jiang, Bei B. Zhang

Muscle, liver, and pancreas: Three Musketeers fighting to control glycemia
Amira Klip, Mladen Vranic
Am. J. Physiol. Endocrinol. Metab. Dec 01, 2006; 291: 1141-1143

Glucose clamp technique: a method for quantifying insulin secretion and resistance
R.A. DeFronzo, J.D. Tobin, R. Andres

Osteogenic regulation of vascular calcification: an early perspective
Radhika Vattikuti, Dwight A. Towler
Am. J. Physiol. Endocrinol. Metab. May 01, 2004; 286: 686-696

Reader & Author Benefits
- Fully searchable text, including PubMed
- Rich color and sharp resolution of figures
- Editor’s Home Page at www.the-aps.org/publications/ajpendo
- Access to the extensive collection of back issues available online 12 months after publication
- FREE e-mail notification of new content as it becomes available
- Manuscripts online within days of acceptance
- Perpetual/Electronic Archiving of the LOCKSS and CLOCKSS systems preserves the electronic content of all APS journals

AuthorChoice
Authors can choose to pay a fee on top of regular author fees and have their article made free immediately ($2,000 for research articles and $3,000 for review articles).
American Journal of Physiology-Endocrinology and Metabolism

Director of Publications/Executive Editor,
Margaret Reich (301) 634-7070
Editorial Manager, Mark Goodwin (301) 634-7072
Submitted and Accepted Manuscripts:
Edward Dwyer (301) 634-7249
Copyediting and Production:
Journal Supervisor, Martin Mould (301) 634-7218
Editorial Art Manager,
Eric Pesanelli (301) 634-7973
Permissions: Penny Ripka (301) 634-7251
Reprints: Carolyn Villemez (301) 634-7964

APS Home Page: http://www.the-aps.org
For instructions on how to prepare your manuscript to conform to APS style, please see http://www.the-aps.org/publications/journals/i4a/index.htm
Manuscripts to AJP-Endocrinology and Metabolism are submitted online through www.apcentral.org. Mandatory Submission Forms and Fee Forms customized to your manuscript become available on completion of the submission process. For extra copies of blank forms, see http://www.the-aps.org/publications/journals/index.htm
If you use a blank form, please write the manuscript number, title, and author’s name CLEARLY on the form.

Interested in...improving your manuscript writing or improving your poster presentation?

Hear what a past participant had to say: "Writing the paper and being able to hear critics from the whole group is an experience to remember. So many good ideas and critics in so little time...wow!"

Who should apply: graduate students and post docs in all areas of physiology
What: Course in writing and reviewing for scientific journals and poster presentation skills
Where: Disney World, Lake Buena Vista, Florida
When: Every January
Why: The programs give students the opportunity to learn critical skills: how to network, give a formal introduction, and present effectively. The courses also aim to improve the technical aspects of student abstracts, manuscripts, and posters.

Penn Endocrine Associates of Pennsylvania Hospital is seeking a FT board certified/board eligible endocrinologist to join a growing group of three endocrinologists, located in historic Old City Philadelphia.

**Board Certified/Board Eligible Endocrinologist**

Job Code #: 26629

While providing both inpatient and outpatient care in a busy academic clinical practice, you will teach and supervise medical students and housestaff. Penn Endocrine Associates has a FT R.D., C.D.E. to assist with clinical care. Pennsylvania Hospital has an ADA-certified outpatient diabetes education program. Opportunities exist for participation in clinical research and a clinical appointment is available at the School of Medicine.

For more information on UPHS and to apply online, please visit: www.pennhealth.com/jobs and search by the job code # as listed above. You may also contact:

Stephen G. Rosen, M.D.
Chief, Endocrinology Division
Pennsylvania Hospital
Ph: 215-829-3423
Email: stephen.rosen@uphs.upenn.edu
Sex Steroids and Gender in Cardiovascular-Renal Physiology and Pathophysiology

Date & Location: July 15-18, 2009
Omni Interlocken Resort, Broomfield, Colorado

Abstracts Due: April 3, 2009
Advance Registration: June 12, 2009

Preliminary Program:
- Sex and Sex Steroids in Renal Function
- Role of Sex Chromosomes in CV-Renal Physiology and Pathophysiology
- Sex Differences in Neural Interactions with Cardiovascular-Renal Systems
- Controversies in the Vascular Actions of Estradiol
- Exercise and Cardiovascular-Renal Health in Men and Women
- Sex Steroids in Stroke
- Sex Steroids and Inflammation

ET-11: APS International Conference on Endothelin

Date & Location: September 9-12, 2009
Marriott Chateau Champlain, Montréal, Canada

Abstracts Due: May 22, 2009
Advance Registration: August 7, 2009

Preliminary Program:
- Cellular Regulation of the Endothelin Pathway
- Pharmacology of Endothelins
- Endothelin in Development and Aging
- Pulmonary Function and Disease
- Career Symposium
- Panel Discussion: The marriage between academia and the pharmaceutical industry - ET shows us the way
- Roles of Endothelin-1 on Cardiac Function and Diseases
- Roles of Endothelin-1 on Vascular Function and Diseases
- Endothelin-1 Renal, Fluid and Electrolyte Physiology and Disease
- Clinical Trials with ET Antagonists: An Update
- Roles of Endothelin-1 in Neurophysiology, Stroke and Related Diseases
- Endothelin-1 in Cancer and Blood Diseases
- Endothelin-1 in Inflammatory Diseases and Pain

One Portal - FREE online access to over 1.8 million articles from more than 1,102 journals in the biological life sciences and medicine.

Stanford University’s HighWire Press has created a single portal, the HighWire Library of the Sciences and Medicine, which offers the following special features:

- **Search 18 million articles:** You have free access to the full text of over 1.8 million articles from more than 1,102 journals (15,000 articles added monthly) and the abstracts in Medline’s over 5,000 journals.

**JOURNALS OF THE AMERICAN PHYSIOLOGICAL SOCIETY (APS) INCLUDED:**

The more than 1,102 journals include the following journals of the APS:

- American Journal of Physiology (AJP consolidated)
- AJP-Cell Physiology
- AJP-Endocrinology and Metabolism
- AJP-Gastrointestinal and Liver Physiology
- AJP-Lung Cellular and Molecular Physiology
- AJP-Heart and Circulatory Physiology
- AJP-Regulatory, Integrative and Comparative Physiology
- AJP-Renal Physiology
- Journal of Applied Physiology
- Journal of Neurophysiology
- Physiological Genomics
- Physiological Reviews
- Physiology
- Advances in Physiology Education

- **Easier sorting and formatting:** It is much easier to scan large results and pick out important articles by journal.

- **FREE Alerting Service:** You can sign up for free alerts to new content matching your keywords, authors, citations, and topics.

- **Only “1” Username/Password needed:** You need only ONE username/password to access all of your HighWire subscriptions.

- **World’s largest archive of FREE Life Science Articles:** See instantly what you or your institution can access free of charge and what is available via pay-per-view.

The journals of The American Physiological Society are participants in the Washington DC Principles for Free Access to Science.
