Journals of the American Physiological Society

The APS Journals
Key Facts!

One Physiology Collection—to Multiple Disciplines

BIOSIS PREVIEWS • ISI Web of Science • MEDLINE and PubMed: APS Journal content is indexed through all of these excellent services.

HighWire: APS journals are hosted by HighWire Press, Stanford University Libraries, the largest repository of high impact, peer-reviewed content, with 1,232 journals.

eTOCs (electronic Table of Contents): Receive instant notification of new APS content.

CiteTrack: Use your own criteria and key words to be notified of newly posted APS journal content.

RSS Feeds: Another great way to receive a notification of newly posted APS journal content.

Free Necessary Color: Regular or Student members of APS who are first or last authors of articles in any of the APS research journals get free scientifically necessary color.

FREE Online Access to the extensive collection of back issues 12 months after publication.

AuthorChoice: Authors can choose to pay a fee on top of regular author fees and have their article made free immediately ($2,000 for research articles and $3,000 for review articles).

Articles in Press: Instant, subscription-based access to newest research (post-acceptance, pre-copyedited) in original manuscript format.

Legacy Content: Online package of over 100 years of historical scientific research from 13 American Physiological Society research journals going back to the first issue of each of the APS journals.

Manuscripts online within days of acceptance!

To take advantage of this new feature, please insert the native expression of your name alongside the English transliteration in the main title page of your manuscript submission.
2009 APS Conference:
ET-11: APS International Conference on Endothelin
September 9-12, 2009
Montréal, Canada

Experimental Biology 2010
April 24-28, 2010
Anaheim, California

2010 APS Intersociety Meeting:
Global Change and Global Science:
Comparative Physiology in a Changing World
August 4-7, 2010
Westminster, Colorado

2010 APS Conference:
Inflammation, Immunity and Cardiovascular Disease
Date and Location to be Determined

We invite you to check out our line of products displayed below on our web site’s “APS Store” at www.the-aps.org/store. We hope you will see something you like. With your purchase of any of these items, you will receive a product of personal value, and you will also show your pride in a Society that has been serving science for over 100 years.

(All rates below include shipping and handling—international orders may incur extra charges)

**T-shirt - $15**
*Physiology: Life, Logic, Study*
100% Cotton. Adult Sizes only: S, M, L, XL, XXL, XXXL; Color: Black only

**T-shirt - $12**
“I'm Alive! Thanks to Animal Research” High quality 50/50 blend (Colors: red or dark blue)
Available in Sizes: L and XL

**T-shirt - $12**
“Physiologists Know the Inside Story” High quality 50/50 blend (Colors: light blue or yellow)
Available in Sizes: L and XL

**Ceramic Mug - $9**
11 oz. black ceramic mug. Matches T-shirt with imprint “Physiology: Life, Logic, Study”

**Ceramic Mug - $7.50**
“I'm Alive! Thanks to Animal Research” Rich royal blue 11 oz. ceramic mug with classic good looks.

**Denim Shirt - $32.95**
100% cotton, stonewashed with embroidered APS logo and special softeners for total casual comfort.
Men’s Sizes: M, L, XL, XXL
Women's Sizes: S, M, L, XL
Color: Vintage blue only

**Women Life Scientists: Past, Present, and Future - $7.50**
Life sciences models for outreach to students. Increase student's exposure both to female science role models and to hands-on, inquiry approach and problem-solving science activities, as recommended by the National Science Education Standards. Modules drop easily into middle and high school life sciences curricula.

**Exercise Book for the Design of Animal Exercise Protocols - $9.50**
Addresses the relevance of studying exercise in animals.

**Resource Book for the Design of Animal Exercise Protocols**
A comprehensive guide to the design and implementation of animal exercise protocols.

**Body Notes CD - $12**
Enjoy the symphonic suite Body Notes performed by the San Diego Chamber Orchestra at Copley Symphony Hall, San Diego, California, on April 5, 2005, as part of XXXV IUPS Congress.

**Planning An Effective Program Evaluation - $9.50**
This short course is designed as a resource for directors of education programs. The course focuses on the practical “how-tos” of program evaluation. Through interactive screens, the course allows you to create an evaluation planning document for your program.

**Cap - $14.50**
One size fits all. Heavyweight tan, brushed denim, with embroidered APS logo and adjustable Velcro tab.

**Lapel Pin - $7.50**
Durable closeen pin displaying the APS logo in rich colors of gold and burgundy. Easy to use military clutch back.
Found Animals is proud to announce:

The Michelson Prize & Grants in Reproductive Biology

The Michelson Prize in Reproductive Biology
A $25 million Prize will be awarded to the first entity to provide a non-surgical sterilant that is safe, effective, and practical for use in cats and dogs.

Winning entry must meet the following criteria:
- Single dose, non-surgical sterilant
- Safe and effective in male and female, cats and dogs
- Viable pathway to regulatory approval
- Feasible manufacturing process and cost
- Suitable for administration in a field setting

The Michelson Grants in Reproductive Biology
Up to $50 million in multiple, multi-year grants for promising research pursuing Prize goals.

Grant recipients are eligible for Prize claims.

The first step in the Grant process is submitting a Letter of Intent.

For more information about the Prize and Grants, visit: www.foundanimals.org
For more information about submitting a Letter of Intent, visit: www.foundanimals.org
Join the mailing list to receive the latest news and updates.

The Alliance for Contraception in Cats and Dogs (ACC&D) is a strategic partner in the Michelson Prize and Grants in Reproductive Biology. Visit www.acc-d.org for information on non-surgical approaches to pet overpopulation.

About Found Animals
Found Animals takes a different approach to animal welfare, addressing the causes and as well as the consequences of pet overpopulation. Through innovative strategies and community partnerships, Found Animals is working to develop sustainable, scalable animal welfare business models which minimize shelter euthanasia.

Found Animals is focused on creating innovative, largely self-sustaining programs dedicated to three initiatives:
- Companion animal sterilization
- Resources for pet owners
- Adoption
