The consolidated American Journal of Physiology (AJP) ranks as one of the most frequently cited publications among all physiology journals listed in the Journal Citation Index. Published in two monthly volumes by The American Physiological Society, the consolidated AJP brings you approximately 2,700 articles encompassing over 22,000 pages annually.

The consolidated edition of the AJP provides comprehensive coverage of the latest research published in these important specialty journals:

- Cell Physiology
- Endocrinology and Metabolism
- Gastrointestinal and Liver Physiology
- Lung Cellular and Molecular Physiology
- Heart and Circulatory Physiology
- Regulatory, Integrative and Comparative Physiology
- Renal Physiology

As your comprehensive source for the full spectrum of current physiological research at a single low subscription price, the consolidated AJP is an unbeatable value.

Benefits

- Perpetual/Electronic Archiving—The consolidated AJP is part of LOCKSS and CLOCKSS.
- Counter-Compliant Usage Statistics—Online access to counter-compliant usage data is available to all institutional subscribers.
- Reference Linking—The consolidated AJP participates in CROSSREF, a reference linking service that turns citations into hyperlinks, allowing researchers to navigate online literature at the article level.
- Fully Searchable Text—Fully searchable text is available, including PubMed.
- Advance Tables of Contents & CiteTrack—Sign-up for e-mail notification of advance tables of contents and new articles matching a search criteria of your choice.
- Articles in Press—Accepted research papers are published online within a few days after their acceptance.

AuthorChoice

Authors can choose to pay a fee on top of regular author fees and have their article made free immediately ($2,000 for research articles and $3,000 for review articles).
American Journal of Physiology-Endocrinology and Metabolism

Director of Publications/Executive Editor,
Rita Scheman (301) 634-7070
Editorial Manager, Mark Goodwin (301) 634-7072
Submitted and Accepted Manuscripts:
Edward Dwyer (301) 634-7249
Copyediting and Production:
Journal Supervisor, Martin Mould (301) 634-7218
Editorial Art Manager,
Eric Pesanelli (301) 634-7973
Permissions: Penny Ripka (301) 634-7251
Reprints: Carolyn Villemez (301) 634-7964
E-Mail: publicat@the-aps.org
Peer Review FAX: (301) 634-7243
Executive Director, Martin Frank, PhD (301) 634-7118
Director of Education Programs, Marsha Matyas, PhD (301) 634-7132
Director of Finance, Robert T. Price (301) 634-7160
Subscriptions: Lucia Tayiel (301) 634-7180
Science Policy: Alice Ra’anan (301) 634-7105
Marketing: Sue Sabur (301) 634-7015
Meetings/Conf: Linda Allen (301) 634-7967
Membership: Georgia Stine (301) 634-7171
Communications (media inquiries):
Donna Krupa (301) 634-7209
Administration FAX: (301) 634-7241

APS Home Page: http://www.the-aps.org
For instructions on how to prepare your manuscript to conform to APS style, please see
http://www.the-aps.org/publications/journals/i4a/index.htm
Manuscripts to AJP-Endocrinology and Metabolism are submitted online through www.apscentral.org.
Mandatory Submission Forms and Fee Forms customized to your manuscript become available on completion of the
submission process. For extra copies of blank forms, see http://www.the-aps.org/publications/journals/index.htm
If you use a blank form, please write the manuscript number, title, and author’s name CLEARLY on the form.

Authors:
Publish your name in your native language

Authors who publish in APS journals may now present their names in non-Latin characters (in their native writing system) alongside the standard English transliteration of their name in the main author line of the published article; for example, “Ta-Ming Wang (王大明)”.

We will accept any non-Latin languages that have standard Unicode characters designated for the native characters. For authors that choose this option, please only provide the native expression for the original written form of the transliterated name; that is, do not include any associated degree, rank, or title information in the native format. This feature is meant for the person’s name only, not for ancillary information regarding academic achievement or institutional affiliation.

To take advantage of this new feature, please insert the native expression of your name alongside the English transliteration in the main title page of your manuscript submission.
Meetings & Conferences
of the American Physiological Society

2009 APS Conference:
ET-11: APS International Conference on Endothelin
September 9-12, 2009 • Montréal, Canada

Experimental Biology 2010
April 24-28, 2010 • Anaheim, California

2010 APS Intersociety Meeting:
Global Change and Global Science:
Comparative Physiology in a Changing World
August 4-7, 2010 • Westminster, Colorado

2010 APS Conference:
Inflammation, Immunity and Cardiovascular Disease
August 25-28, 2010 • Westminster, Colorado

Experimental Biology 2011
April 9-13, 2011 • Washington DC

2011 APS Conference:
7th International Symposium on Aldosterone
the ENaC/degeneration Family of Ion Channels:
Molecular Mechanisms and Pathophysiology
Date and Location to be Determined
Just Amazing!

PODCASTS

2010
American Physiological Society
Intersociety Meeting

Global Change and Global Science: Comparative Physiology in a Changing World

PRELIMINARY PROGRAM:

- The Role of Physiology in Organismal Responses to Global Warming
- Off the Beaten Path: Integrative Aspects of Muscle Function During Diverse Locomotor Behaviors
- Hydration, Desiccation, Regulation: The Comparative Physiology of Water Balance
- Physiological Effects of Ocean Acidification on Marine Animals in Times of Ocean Warming: Ecosystem Implications
- Evaluating the Effects of Global Climate Change to the Fauna of South American Biomes: Consequences to Diversity from a Physiological Perspective
- Environmental Adaptations of Cardio-Respiratory Systems
- Putting Comparative Physiology to Work in the Field: Stable Isotopes as Tracers of Ecological Processes
- Genomics and Proteomics Approaches to Understanding Environmental Stress
- The Life History Physiology Nexus
- The Physiology of Trace Metal Homeostasis and Toxicity
- Global Change and the Emerging Threat of Dead Zones: Can Individuals, Populations, Species, and Communities Respond to Increasingly Hypoxic Oceans?

Date & Location:
August 4-7, 2010
Westin Westminster
Westminster, Colorado

Abstracts Due: May 3, 2010
Advance Registration: June 25, 2010

For more information or to register, visit: www.the-aps.org
